FLY

GROW

Meet the Captain Cumulus Flight Crew!

Captain Cumulus

The friendly cloud captain who teaches junior aviators about flying and weather.

Captain Cumulus

The friendly cloud captain who teaches junior aviators about flying and weather.

Propeller Pup

Captain Cumulus' co-pilot pup who loves airplanes and adventure.

Willy Windsock

An airfield expert who helps pilots see which way the wind is blowing.

Dr. Nimbus

A curious scientist studying clouds and weather patterns.

Circle your favorite crew member!

Junior Aviator Mission

Spot the Clouds!

Pilots must understand clouds to fly safely.

Match the cloud to its description

Cumulus

Big fluffy clouds that look like cotton.

Stratus

Flat grey clouds that cover the sky.

Cumulonimbus

Tall storm clouds that bring thunder and lightning.

Bonus Mission

Draw your own cloud!

Willy Windssock's Wind Lesson

Pilots check the windssock before takeoff.

- ✓ Wind direction
- ✓ Wind strength

Draw arrows showing
which way the wind
is blowing!

Are we
cleared for
takeoff?

Junior Aviator
